

brothers & Sisters in remove village area. Truly I have no words to explain with all of you that how much all these five brothers & sisters and their families were very happy and excited and Thankful to God for his incredible change in their lives through his powerful words.”

Now is not the time for the church to become complacent or throw up our hands in defeat. It's time to RISE UP!

My brother, Amos, is now working with us doing marketing for The Storehouse. Yesterday, he was telling us that someone said to him when he was younger, “Amos, you’ve got to decide: are you going to be a citizen or an oxygen thief?” I loved it!

We had to make a decision to be a citizen of God’s kingdom. God even said, “Choose you this day Whom you will serve.” Too many of us are asking God to breathe on us but then failing to become contributing citizens in the kingdom. There is much to be done! What is my part? What is yours?

On March 23-24, we are hosting our 5<sup>th</sup> Musical Dinner Theater, “My Little Donkey.” I am compiling music to tell the untold story of the man who allowed his donkey to be taken for Jesus. We hope you will join us for this wonderful, worship event! Tickets are \$40 for a delicious meal and fantastic show.

Rev. Dr. Bobby Cabot is joining us again this year for a four and a half day healing school, April 10-14. Last year, she was here for just 24 hours, but not one person left unchanged, and all were further equipped to offer healing to others. We hope you can be with us at The Storehouse for this excellent encounter with the Lord.

Thank you for giving to the Lord through Christian World Missions. You are advancing the Kingdom through your gifts. Of that, there is no doubt.

Rising up with you,

Lee Ann Williamson

**The share of the man who stayed with the supplies is to be the same as that of him who went down to the battle. All will share alike."**

(1 Samuel 30:24)

**"How can they hear without someone preaching to them?  
And how can anyone preach unless they are sent?"**

(Romans 10:14-15)
